30

SPECIFICITIES AND FINISHES

Fully customizable, the finishes follow the codes of haute horlogerie, with particular attention to detail on both the dial side and the bridge side.

• Mainplate with perlage on the dial side and rhodium-plated on the bridge side

• Bridges with perlage and rhodium plating, Côtes de Genève decoration and bicolored engravings

• Diamond-polished bevels, countersinks, and openings

• Polished pivots and shoulders

• Double-sided circled gear wheels

• Secured flat-head screws
